## Old Business

### New Professional Chair

- Strat Plan
  - Board is committed to Students and New Professionals
  - Only thing they did not fund is having money for the SNP board to attend CSM or SoPAC/APPTC
  - Getting a pull-up banner to put with the booth
    - Goal to have someone at the booth at all times to explain SNP, but we will be represented with the banner even when a SNP person is not there
    - Promote the SNP hashtag: #pedsSNP
      - Stickers on namebadges
      - Photo examples with the hashtag
      - Business cards with all of our info so people know it's more than just a hashtag, it's a whole community
  - \$300 for props for photo booth (<http://www.kandykreations.net/2011/03/how-to-make-photo-booth-backdrop.html>) [weddingbee.com/build-your-own-photo-booth](http://weddingbee.com/build-your-own-photo-booth) ---how to make photo booth out of PVC pipes
    - Banner that they stand in front of (use PVC pipe and a sheet-- paint on the curtain; would then be collapsible to travel to and from conferences)
    - Can get templates on pinterest
    - Can also purchase pre-made photo booth props
    - Goniometers, gait belts, kid toys
    - If you have any ideas, email them out!
    - Would the conference center have those blank backgrounds or should we bring our own?
      - Will check out the situation at SoPAC and then will decide
- SoPAC
  - Invites for the mixer (Haley can help)
  - Have 1 person always at the booth
    - To answer questions about the SNP group
    - To help Academy members with social media questions
  - You do not have to attend SoPAC to vote!
    - Have to be graduated PTs (sorry students)
    - Use an iPad and take pictures of people voting throughout the conference
  - Meeting to talk about what we do and have a sign up
    - Will also be posted online
    - If you need help with a project or have a committee idea, let Ken know beforehand

- Next planned Twitter Discussion: 9/21 (unless this will interfere with Journal Discussion) or 9/28--journal discussion is 9/19!
  - Average view time is about 10 minutes (average video length is 30-40 min); think about shortening the video?
- Planned topic: Pediatric Oncology (September is Childhood Cancer Awareness Month) -  
-love this idea!!!
- Suggestions? Volunteers available who would like to host a Discussion?
  - Focus more on treatment vs. research?
